Empathy

Respect for all life

A cosmic change of mind and spirit is forging its way into our field of experience, like no other time before. Excited for the radiant splendor of the perfection of creative diversity, people who have become aware, dig into their otherwise so rigid doctrine of faith and correct it. Wanting to protect life in its beauty with all possible personal involvement is suddenly magically their deepest wish. But the question of the big "HOW?" remains, since to most of the searching ones coming from scavenger families, it is a mystery, to achieve perfect nutrition purely from the "hedge". I had a similar experience decades ago, but I was never helpless.

Researchers living on a pure plant-diet have been proving for many thousands of years, how much they were mistaken in their former belief. The energy supply from plants, the only beneficial energy-source to the human is not only complete, but by far more complete, healthier, invigorating, richer, than all other "food"- sources and above all detaching him - the former consumer of suffering - from the most evil demons of the hereafter, which drove his life in this world into congruence through his low vibration. Once again the Ishtar on this subject, the holy goddess, who sees herself as a sister allied only to the pure folk:

"And the demons you shall not fear. They are by their nature neither evil, nor good, for such measures they don't know. The one, who is of good vibration of the spirit will find it also in the demons who meet him; only him, who has drawn darkness into himself, reflects it to the demons and makes them terrible."

By means of the blessing of this kind of knowledge withheld from the people for thousands of years, the wise internalizes the content of this, **aligns his life according to the advice of the foremost and thereby already obtains his very own peace-treaty with all life.** War does not find its place within the gentle, empathetic folk: **War only belongs to the one, who allied with the demons of the Schaddein (Scheitan/Satan), the cowardly murderer, no matter what kind and race.**

The same bright sister of our people, but in the garb of the Isais, speaking to her people, the Germans, in her "**Revelation of Isais**":

117 Listen to all voices, pay attention to every sign. Shaddain's servants cast falsehood into the world. Be cautious, do not forget: Unpure is the majority of people, fallen away from All Father's home.

The humans, no longer knowing the divine, virtuous striving for perfect purity, are hardly near the approach of Allfathar's high spirit. With every bite of the wrong food, their value in this world deteriorates, at the same time their emotional merit decreases considerably, the essential tests of this world have not been passed so far. Deceit dwells in the ones becoming instinctively acting animals, suddenly mind-disengaged humans; the little, which was scattered into this world by the "*children of the devil*", creates deceit, untruth and impurity among the greedy and the weak-minded. The trinity of mind, soul and body composts itself, life force disappears from the energetic field of the

once positively creating human being. To heal their above-average affected state of mind is the only way out of the hell of Schadden. But where is the last branch to be able to escape from the moor of Zion?

119 Innocent alone are the animals of the land, the fish of the water, the birds of the air and everything that crawls, jumps and runs. Innocent are also the greening plants. All these are therefore sacred.

To let the sacred be murdered - **YOU, HUMAN, ARE THE CUSTOMER!** - results in the abyss of all wars, all failures, all despairs and all downfall. Never blame others for your suffering, human! This failure is the result of your action, you, the man, who so foolishly behaved against the cosmic ALLPOWER. It is your suffering, that you earned, because of your inattention. Never take the example of others, who may be committing the same folly, distance yourself quickly from your addiction to fried fat, spices and all kinds of ingredients that make meat, sausage and cheese outwit your senses of taste, because meat alone, bloody, raw ... disgusting is the taste and even less the nutritional value!

120 Isais, myself, is close to cathood, big and small. Such kind once stood by me in the fight against the powers of evil on grassland shores. In the cat family you also honor Isais kind, related are the vibrations of both spirits.

To honor Isais means to praise the virtues of the German. She, our ally of the purest race on earth, invites us with her word from times long past to achieve the miracle of perfection and to emerge victoriously from the battle of the hostile energies of today.

Isais is health, pure strength, purest power over all matters of one's own life. She stands at our side like no other partner. Ask yourself, why stray-cats keep finding their way to you. They are a gift and at the same time a proof, that you are brother or sister of the "*lonely righteous*". Honor them, honor all life and you will prevail the shadows of the power of the past! Inspired to one or other poetic verse, here a little of my spiritual achievements:

The tree grew a hundred years to be that soul – giant of love,
a dream, so wonderful, I like to feel its bark,
habitat of birds, such cheerful animal swarms,
an energetic portal, weaving between the earthly world and heaven.

The love of the animals projecting out of their gentle eyes,
such wonders of nature, always making pure people happy,
it is our sacred duty in life to protect them from murderers,
because ONE thing unites the all species: To have a feeling soul!

The loving human being, well, trapped in a madhouse,
being at their wits end, sees clinking horror with trembling,
that change that stands at first place in the golden age:
the subhuman has abdicated, empathy enlivens the heart.

What YOU know how to make of YOUR life, corresponds to your current spiritual content, as in every other person as well. Without wanting to express myself derogatorily, the diligent cleaning crews perform an extremely honorable profession, while numerous researchers dare to walk in the realms of the still impossible, to undertake all kinds of lengthy series of experiments, in order to improve our future lives. *The one thinks, the second directs, the third weaves, so that the folk floats.*

Which contemplative aspect of the homeland and our people you will hold in the multitude of the structures of the future, this depends only on your "VALKNUT". The "**Nine Worlds of Odin**", the Son of Man of the God Odin (!), who in this earthly world has to pass the highest test of all living, points to an alliance between all your aspects of being within you. You are both mind, soul and naturally vibrating body.

He hung on the spiritual tree of life for nine days and 9 nights (18 runes, in 2 rows of runes!), spiritually starved, until finally he found mercy in the symbols of salvation, which are useful alone to our people.

To be able to read and internalize runes does not mean to form all kinds of wise words from them. Only your first name, or your first names, show you the way, since in this (these) there is already hidden a secret of your path within the earthly world. Runes mean life, they are living beings with inherent values, which I have already proven a hundred times or more within the past 18 years of my public work.

In runes you will find your salvation, just as in gold there is the purest precious divinity. If you know to read the runes - and please don't ask me for the meaning, it is **YOUR** task - this way you become a master. With each rune corresponding to you, which you carve into your skin, you will destroy another door of the "MORDOR" of your own prison.

However, if you are still connected to animal suffering, if scavenging is your source of energy, the runes will destroy you! Be on your guard, distinctive power is needed to understand the Almighty.

This should be enough for today to have awakened your curiosity. Explore! Do not ask others, explore yourself. Others have their experiences, now you make your own.

In Liebe und Verbundenheit.
